Magazine Highlights

Magazine distribution minimums; guarantee logic and methodology. Magazine advertising guarantees are based on minimum distribution to 11,000 active industry professionals, delivered in either print or digital formats, or both.

11,000

Publisher may exceed the minimum guaranteed delivery without increasing advertising guarantees.

Copies distributed in excess of guaranteed delivery may vary; those additional copies are considered bonus distribution and are not included in the logic to determine advertising guarantees.

Electronic copies are sent consistent with standards set by the CAN-SPAM Act of 2003.

Printed copies follow USPS Periodicals mailing guidelines and are reported and published annually in the publisher's Statement of Distribution in addition to the report.
